

## DUNGEONS & DRAGONS

### LIVING FORGOTTEN REALMS

(character name)

#### ADAP4~5 GLACIAL RIFT OF THE FROST GIANT JARL

##### GIANT11 Against the Frost Giants

You defeated Grugnur and recovered his battle plans, thwarting the raid on Mithral Hall. King Battlehammer gifts you with a *hammer shield* (level 8, Uncommon) and a *clear-blood baldric* (level 9, Uncommon). You do not spend any gold for these items, nor do they take up found-item slots, but they do count against the maximum number of Uncommon magic items you can carry. Game statistics are found in *Adventurer's Vault 2*.

You may also have discovered some or all of the following pieces of information (cross off any that don't apply). These facts may have an impact in the final adventure.

- Three adventurers from Silverymoon were taken to Snurre's halls
- The grave of Gerti Orelsdottr, a famous former leader of the frost giants, is empty

This Story Award is one part of the *Against the Giants* Major Quest. The other parts of this quest are the adapted adventures ADAP4-3 *Steading of the Hill Giant Chief*, ADAP4-4 *Warrens of the Stone Giant Thane*, and ADAP4-6 *Hall of the Fire Giant King*.

##### GIANT12 Respect of the Kalukiak Goliaths

For returning the body of the chieftain Turuk to his tribe, you have earned the gratitude of the Kalukiak. These mighty goliaths are allied with the Great Worm tribe of the Uthgardt. In the Spine of the World, it pays to have friends.

Whenever you are in the North, as determined by the DM, the Uthgardt barbarians can provide you with a wilderness guide or give you shelter against the elements. They won't fight for you, but they will help you with any reasonable request unless it would bring them into conflict with other Uthgardt tribes or the dictates of a higher power.

##### GIANT13 A Storm Giant's Thanks

You earned the gratitude of Krombaalt the storm giant for freeing his daughter Elektra and treating her with respect. So long as you remain in Krombaalt's good graces, you gain a +2 bonus on any social skill checks you make when dealing with storm giants.

##### GIANT14 Thunderbolt and Lightning

You mistreated Elektra, daughter of the storm giant lord Krombaalt, and are now the target of his ire. You suffer a -2 penalty on any social skill checks you make when dealing with storm giants. You may void this Story Award after an adventure if the DM determines that you have either redeemed yourself in Krombaalt's eyes, or performed some offsetting noteworthy deed for a different storm giant lord.
